

25 Watt Greeley series Mini Wallpacks

Greeley Series Mini LED Wallpacks are designed to replace existing Metal Halide, High Pressure Sodium, and halogen type existing wall packs. These are perfect for general illumination of commercial building exteriors, tunnels, garages and walk ways. Greeley Series Mini LED Wallpacks are the most common type of lighting for general security lighting around commercial property entryways.

Greeley Series Mini LED Wallpacks are built for heavy commercial and industrial use and are "installer friendly." They come with several optional cable entries and a removable front lens for easy mounting. The internal driver is well protected against all weather conditions. Housing is sealed with industrial grade silicone gasket to ensure IP65 rating.

SPECIFICATIONS:

Model:	WM25W27V50KDP1
Wattage:	25W
Input Voltage:	120-277VAC
Color Temp:	5000K
Lumens:	4600lm
Efficacy	104 lm/W
Life Hours:	50,000hours
Dimensions:	8.384" by 5.484" by 3.523"
Finish Color	Bronze
Replaces:	50W Metal Halide
CRI	70
Warranty	5 years

FEATURES:

- Multitude of voltage configurations: 120-277V and 480V
- Sealed die-casting profile for outdoor applications
- Replacing 50W metal halide
- Lumen output is 4600 lumen
- Polycarbonate optical lens with UV stabilizers
- Built-in UL class 2 driver, and 120V/277V photocell
- Easy installation, contractor-friendly design
- UL/cUL listed and DLC qualified
- Lens is Polycarbonate (UL recognized)
- Fits electrical box and wall mount directly
