

Side Tenon for Round Poles

Product Description:

-This bracket is designed to fit poles ranging from 3" diameter to 5" diameter. 2 holes need to be drilled on side of the pole so that this bracket can be attached. The horizontal arm (tenon) is 2-3/8" in outside diameter allowing any lighting fixture with a standard 2-3/8" slip-fitter to fit over. Mounting hardware not included.

Product Specifications:

-Material: Steel
-Color: Bronze Powder Coat
-Weight: lib.
-EPA: 0.1
